#### First Mausoleum in Asia.

The first mausoleum was made in Asia Minor. Artemisia married her brother, Mausolus, king of Caria, in Asia Minor, about 377 B. C. After his death his body was burned and she drank in liquor his ashes, and erected to his memory at Halicarnassus a monument, one of the seven wonders of the world, which was termed Mausoleum. The statue of Mausolus was among the antiquities brought from Halicarnassus by C. T. Newton in 1867, and placed in the British museum.
